## Hi I'm Chris. I led the Summer Money Camp Program & this will be my 1st VITA season

I've always had a passion for finance and business. I graduated from Sullivan University in Louisville with a Master's in Business Science and a Minor in Dispute Resolution. While in college, I worked as both a Collection Manager and a Bank Manager, which gave me a solid foundation in financial management.

After earning my Master's, I worked as a Marketing Manager for a mortgage company and later became a Major Account Manager for the Courier-Journal. About 15 years ago, I purchased a business called "World Buying Service," which focuses on importing and exporting goods for HVAC systems and major appliances. In addition, I run a small property management company called "ACK," where I oversee a handful of rental properties.

I've always found fulfillment in finance, and it's been an incredibly rewarding experience to volunteer and make a difference, especially helping youth become more financially savvy. It's amazing how I originally set out to help with taxes, and it turned into empowering the next generation with financial knowledge. The world works in mysterious ways!

**Know someone who would make a great addition to our VITA volunteer team? Connect them to Eurana today! There are many ways to serve.**

## Hi I'm Bryce. I led the Summer Money Camp Program & this will be my 1st VITA season

I like to volunteer at LABC because **knowledge is power and money is a valuable resource**. So sharing whatever knowledge I have on money to help others obtain, grow and manage this valuable resource is a rewarding use of my time.
